

2014-2015 School Rates For Field Trips

Students \$7

Teachers & Chaperones \$9

The Kentucky Railway Museum continues its mission to educate and preserve the history of the Railroad in Kentucky. Enjoy a 22 mile train excursion through the Rolling Fork River Valley. Stroll through the museum and view artifacts, enjoy a history lesson on how the Railroad was built and thrived for many years. Model trains are also on exhibit in the Museum hall.

You will receive one complimentary teacher's ticket for every 20 paying students. The bus drivers ride free as well. Our school group rate is the best rate available at the Kentucky Railway Museum. Regular fare is \$17 for adults and \$12 for children; for school groups this is a discount of \$ 5 & \$8 per person.

Due to the high cost of fuel, groups must have 40 people in their party in order for us to schedule a train ride. If you do not have 40 people in your party, we will attempt to combine your group with another school that is scheduled.

School groups are welcome to bring sack lunches to eat on the train or you can picnic in our station yard. If you choose to eat on the train or on the grounds we do charge \$1 per person for a cleanup fee.

Please call us for additional information or to make a reservation at (800) 272-0152. Please note: If you wish to book during the month of December please be advised, reservations are suggested by October 1 if not sooner.
